

ANNUAL INFLUENZA VACCINE AND COVID -19 VACCINE

We have been advised by the PHN on behalf of the Commonwealth that **Hope Valley** residents will receive their Covid 19 vaccine week commencing 10th May 2021 (date to be confirmed).

Findon residents will have the COVID-19 vaccine date commencing 17th of May.

Residents will receive the Pfizer vaccine.

We are currently working with the PHN for an exact date so we can roll out the annual 'flu vaccine more than the 14 days prior to the Covid vaccine.

We will be commencing the Annual Flu Vaccination program for residents from Thursday 29th April and Saturday 1st May 2021.

Thank you all for your patience. We will update once we have the confirmed date.

Kind Regards

Ananda Management
